

How to Build a Snowman

Cut out the directions for how to build a snowman on this page and glue them in order on the next page.

Make 3rd Snowball

Roll 2nd snowball along the ground to accumulate more snow until it is 1-2 feet wide

Assemble materials: hat, scarf, gloves, sticks for arms, buttons or coal for eyes and mouth, carrot for nose

Make a large snowball

Make a 2nd snowball

Find a suitable spot for your snowman with lots of available snow

Roll snowball along the ground to accumulate more snow until it is 2-3 feet wide

Place 3rd ball atop 2nd ball

Accessorize with hat, scarf, arms, and gloves

Place 2nd ball atop first (largest) ball

Roll 3rd snowball along the ground to accumulate more snow until it is slightly smaller than 2nd ball

Add face to snowman

Pack snow around 2nd and 3rd ball to hold them in place
