

# Plan a Visit

It is always fun to have friends and family come to visit, but have you ever thought about the planning that goes into hosting a family member for a few days? Where will they sleep? What will they eat? How will they be entertained. Imagine your favorite family member is coming to stay for the weekend. He or she will arrive on Friday afternoon and leave Monday morning. Plan the meals, fun, and sleeping arrangements for the weekend. Then write a note thanking your family member for coming to stay.

## Sleeping Arrangements

Where will your family member sleep? Do you have a guest room? Will someone have to give up a bedroom? What changes will your family have to make to accommodate your guest?

My guest will sleep in \_\_\_\_\_
